Join the tribute to Detroit Progressive PowerNomics Leadership and to new leadership from across the nation as we come together to demonstrate:

- * *That Black Detroiters and supporters across the nation are committed to PowerNomics principles and building a Black Business District;***
- * *That Blacks in Detroit are the majority population and expect to be treated like and will act like the majority in all matters going forward***
- * *Detroit is the PowerNomics beginning that will spread to all urban areas where Blacks are the majority underserved population***
- * *Blacks will support **only** those who support them, regardless of race.***
